## LOOKING FOR BUSINESS REVOLUTION IS PENDING

Rockefeller on Stand Again Today in  
the Government Suit Against  
Standard Oil Company.

Special to the Herald.

New York, Nov. 19.—John D. Rockefeller was recalled as a witness in the government suit to dissolve the Standard Oil company. Rockefeller, under the guidance of John Milburn, the Standard attorney, explained the absorption by the Standard of numerous other companies. According to the witness these expansions were always with a view of extending the Standard's business, and made necessary by the uncertainty of the cost and the supply of raw material, and these facts still have a material bearing on the Standard's expansion. He said that other companies had not prospered because they did not take these things into account. Rockefeller said the Long Island and Devoe Refining companies were bought because they had developed a fine foreign business. The Harvey of Louisville, the Charles Pratt company, the Atlantic Refining company, and others, were secured with a view to extending the business of the Standard.

Rockefeller was still on direct examination when court adjourned this afternoon.

## NEW TROUBLES IN CHINA

New Dowager Is Seriously Ill.  
Details Are Lacking.

Special to the Herald.

### Death Report Confirmed.

Special to the Herald.

Manila, Nov. 19.—Dispatches from Shanghai say that Prince Ching's death has been officially reported. The new dowager is also reported to be seriously ill, and the dispatches intimate that poisoning has again been resorted to. The report is regarded as responsible, but it is impossible at this time to fully confirm it. The same secrecy is being maintained as when the emperor died. It is believed here that the American fleet will be dispatched to China soon.

### ADDITIONAL INDICTMENTS

Returned Against Van Vlissingen, the  
"Chicago Forger."

Special to the Herald.

Chicago, Nov. 19.—Van Vlissingen, the confessed forger, started for the Peoria prison this morning for a sentence that may continue from one to fourteen years. Scores of the victims of his operations are still besieging the receivers in an effort to recover some of their money. The district attorney now believes that Van Vlissingen has concealed nearly \$300,000 of his assets, and has secured two additional indictments against the prisoner which will be used as a club in an effort to make him disgorge.

### SENT TO PRISON.

Magness, who married Miss Ada Gorman, the daughter of Senator Gorman, has been dishonorably discharged from the navy and given one year's imprisonment in the Portsmouth, N. H., naval prison. Pall Mall Gazette Sounds Warning to  
England That the Situation  
Is Serious.

Special to the Herald.

London, Nov. 19.—The Pall Mall Gazette today sounds a warning to the nation that the situation in India is very grave and censures the war department for trying to conceal the real conditions. The paper says the government must shortly take extraordinary precautions as the revolutionary propaganda is growing, and adds that there are evidences of tampering with the native troops. The paper insists that the danger is made greater because of the fact that the men behind the revolution are intelligent, and that it is easy to get arms and that communication is good.

### Official Abandons Trip.

Special to the Herald.

Calcutta, India, Nov. 19.—Viceroy Minto has announced the abandonment of his tour of Northern India to hurry south to deal with the revolutionary movement.

### WHAT JUDGE POPE THINKS.

Beaumont Judge Explains His Con-  
struction of the Game Law.

Beaumont, Texas, Nov. 18.—The attorney general's office has taken an erroneous view of District Judge W. H. Pope's decision and construction of the state game statute relating to selling wild ducks which have been killed in conformity with the statute. In the first place, Judge Pope carefully explained that his decision had no further effect than to dispose of cases coming before him, and he endeavored to make it clear that he was not exercising the functions of the appellate court. In the second place, Judge Pope studiously avoided the use of the word unconstitutional, and at no time held or believed the law was unconstitutional. He holds the law is absurd, ridiculous and violative of the bill of rights and right of property, because when the law authorized an individual to kill twenty-five ducks in one day the ducks thereby become the property of the man who killed them, and the effect of selling them cannot work further injury to game or to the state or mankind. He places the same construction on this law as on the law which requires that automobiles carry lights between sunset and sundown. It is not unconstitutional to pass a law requiring an automobile owner to carry a light during the day, but certainly it is absurd and ridiculous, and the same may be said of the duck selling feature of the game law, in Judge Pope's estimation.

### BRYAN TO MOVE.

Reported He Will Move to Guthrie,  
Okla., and Buy Newspaper.

Special to the Herald.

Guthrie, Okla., Nov. 19.—It is reported that a company, headed by William Jennings Bryan, is negotiating for the State Capital, a republican newspaper published here. Wilbur Metcalf, Bryan's associate, is here, which gives color to the rumor. The greatest of secrecy is being maintained, but the newspaper deal is certainly on. It is also rumored that Bryan is to move here and later be a candidate for the United States senate.

### Life Term For Williams.

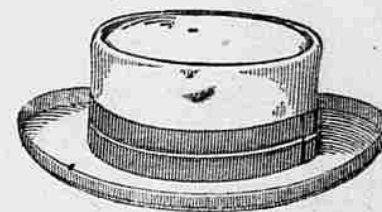

Richmond, Texas, Nov. 18.—Henry Williams, colored, today received a life sentence for the murder of a fellow convict on the Sugarland plantation this summer. Williams, a negro convict from Galveston, was at work in the field hoeing when he became angered at Monte Evans, who was also hoeing, and in a stooping position, with his back to Williams. Raising his hoe, Williams struck Evans with all the force he could command, and cut his body almost in half.
